

10 AI Prompts Every Beginner Should Try Today

A friendly starter guide from John Bednarczyk

ClearPath AI Studio

Welcome Message

Hi there —

If you're completely new to ChatGPT, this guide is made for you. No jargon. No pressure. Just 10 simple prompts that help you get comfortable, confident, and excited about using AI.

Use them exactly as written, or tweak them for your situation.
Whatever pace you take — I'm with you.

— John Bednarczyk, Founder

🔥 1. Explain Like I'm Brand-New

Prompt:

Explain [topic] to me like I'm brand new to it. Use simple, friendly language and examples.

Great for learning anything fast.

2. Rewrite to Sound Clearer

Prompt:

Rewrite the following text to sound clearer, friendlier, and more confident: [paste text].

Instant polish.

3. Give Me Better Ways to Say This

Prompt:

Give me 3 alternative ways to express the following message: [insert message].

You'll never be stuck on wording again.

4. Help Me Organize My Thoughts

Prompt:

Here's everything swirling in my head about [topic]. Can you turn this into a clean, simple list?

Amazing for clarity.

5. Make a Beginner-Friendly Checklist

Prompt:

Make a short, easy-to-follow checklist for completing: [task].

Reduces overwhelm immediately.

6. What Should I Know Before I Start?

Prompt:

Before I start [project/skill], what are the most important things to know as a beginner?

You'll make fewer mistakes.

7. Turn This Into a Simple Plan

Prompt:

Turn this goal into a simple weekly plan I can follow: [insert goal].

Builds progress.

8. Help Me Brainstorm Ideas

Prompt:

Give me 10 creative beginner-friendly ideas about: [topic].

Fresh thinking, instantly.

9. Teach Me Step-by-Step

Prompt:

Teach me [topic] in small steps. Give me step 1, then wait for me to say "next."

A gentle approach to learning.

10. Motivate Me

Prompt:

Give me a short, encouraging message about starting small with AI.

It works more than you'd expect.
